

DESIGN RESUME ON CANVA

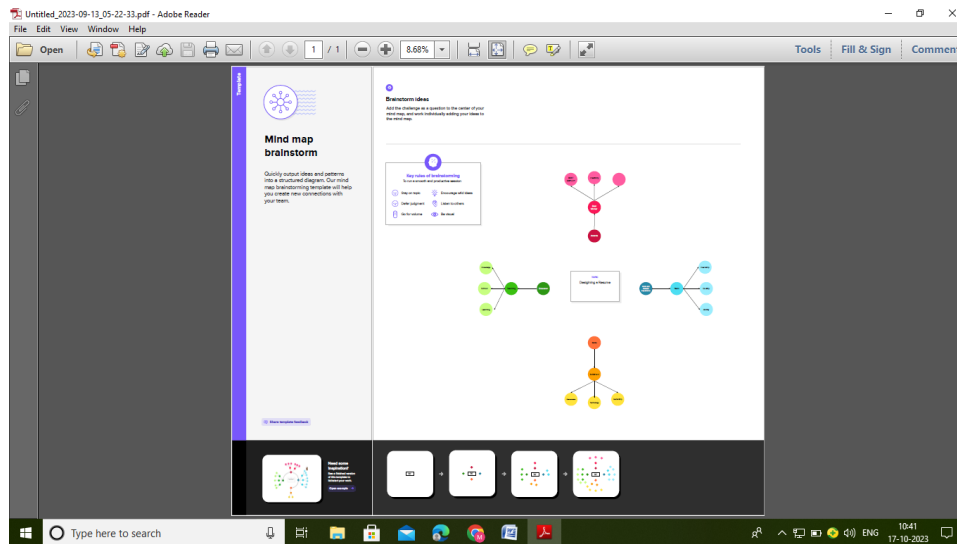

INTRODUCTION

A resume is a formal document that a job applicant creates to itemize their qualifications for a position. A resume is usually accompanied by a customized [cover letter](#) in which the applicant expresses an interest in a specific job or company and draws attention to the most relevant specifics on the resume.

American job coaches insist that a resume should be only one or two pages in length. British job applicants traditionally are expected to produce a somewhat more detailed document, called a CV (curriculum vitae).
